Each cooperative agreement award recipient submitted goals and objectives in their application that were subsequently incorporated into their cooperative agreement awards. The level of achievement of these goals and the funds expended in the process of conducting the program is measured by the report. The government's continued funding of a cooperative agreement and the decision to exercise an option award for a cooperative agreement award is based to a significant degree on the award holder's current performance as measured by the report. Information from the report is also used to identify programs that may be in need of assistance and/or increased surveillance.
